

### FIRST AID

Wear suitable gloves, overalls and eye protection when handling this product. Avoid contact with skin, eyes and clothing.

IF SWALLOWED: Seek medical advice.

IF ON SKIN: Wash with plenty of soap and water.

### STORAGE

Store away from direct sunlight and in frost free conditions, preferably between 5°C and 35°C.

### DISPOSAL

Do not allow product to enter water courses un-diluted.

Triple rinse emptied containers, adding the rinsate to the spray tank. Handle empty containers and their residues as established and in accordance with local legislation and guidance.

### COMPATIBILITY

**Universal 6** is compatible and can be mixed with many pesticides and nutrients but not all. However, Safagrow cannot accept any liability for any loss or damage resulting from tank mixes, as it is impossible to screen all possible mixes and conditions.

Safagrow recommends the buyer jar tests the proposed mix on small scale first.

### SAFETY

### APPLICATION RECOMMENDATIONS

DO NOT EXCEED RECOMMENDED RATES		
CROP	RATE	TIMING
General use Arable Crops	0.3l/ha irrespective of spray volume	Based upon pesticide application timings
Orchard or High Volume misting apparatus	0.4l/ha	Based upon pesticide application timings
Vines	0.3l/ha	Based upon pesticide application timings
Non Crop Use (Railways)	0.3l/ha	Based upon pesticide application timings
Additional Crops: For additional crops not listed here, check our website at <a href="http://WWW.SAFAGROW.COM">WWW.SAFAGROW.COM</a>		

### MIXING INSTRUCTIONS

Read the label before use.

Half fill spray tank with water and begin agitation. Always make sure that each addition is fully mixed until dissolved or dispersed before adding the next product.

- Add water conditioners, if required.
- Add Granules and powders (WDG, WP etc.) and mix well.
- Add Suspension Concentrates, mix well
- Add Emulsifiable Concentrates, mix well
- Add **Universal 6** and mix well
- Top up with water as required.

Ensure agitation is maintained throughout the spraying operation. Do not allow the spray tank agitation to stop whilst product remains in the tank.

### CONDITIONS OF SALE

Safagrow guarantees the content of the components as indicated on the label.

Observe warnings that apply to the product with which **Universal 6** is to be used.

Although this product has been extensively tested under a large variety of conditions, Safagrow does not warrant that it will be efficacious under all conditions because the action effect thereof may be affected by factors such as abnormal climatic and storage conditions, quality of dilution water, compatibility with other substances not indicated on the label as well as by the method, time and accuracy of application. Safagrow furthermore does not accept responsibility for damage to crops, vegetation, the environment or harm to man or animal or for lack of performance of the remedy concerned due to failure of the user to follow the label instructions or to the occurrence of conditions which could not have been foreseen in terms of registration. Consult the supplier in the event of any uncertainty.

The exclusive remedy against the seller for any cause of action relating to the handling or use of this product is claim for damage, and in no event shall damages or any other recovery of any kind against the seller exceed the price of the product which causes the alleged loss, damage, injury or other claim.

The seller offers this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
